SCIENTOONS

INTRODUCTION

Do you want to express your scientific knowledge in the form of cartoons? Excited! Then you have come to the right place.

Nowadays in social media the "MEMES" are very popular. Here you can show some creativity. Scientoons are the cartoons/memes that provide scientific knowledge in a humorous way. They should look funny but at the same time provide information about new inventions, researches and technology updates. They not only make you smile and laugh but also provide information about new research, subjects, data and concepts in a simple, understandable and interesting thought-provoking way.

EVENT FORMAT:

- This is an online event where participants have to submit their Scientoons in the Google form.
- Submissions will start from 12th January.
- Last date of submission is 20th January.
- Results will be declared momentarily after the last date of submission.

RULES AND REGULATIONS:

- Scientoon has to be submitted in JPEG format with the following three sections:
    o Left: This should explain the scientific concept related to your Scientoon.
    o Right: This should have the scanned copy of the hand drawn sketch of the Scientoon.
    o Bottom: This should contain the humor related to the content of the Scientoon.
- The name of the submission file should be the theme of the Scientoon.
- The hand drawn sketch should be clearly visible in the final submission file.
- One participant is allowed to submit more than one entry.
- The entry should not be copied from any sources in any form. This could lead to direct rejection of the entry.
- The participant should clearly mention his/her Name and Name of Institute he/she belongs to, in the form.

THEME: Will be released on 10th January.

JUDGING CRITERIA:

Score will be given on originality, theme, art and humor conforming to technical correspondence of the Scientoon. Any copied Scientoon will be discarded. Decisions made by competition judges and testers are final. There is no dispute resolution process, however, input for process improvement is encouraged.
